## SUMMARY

Motivated B. Tech graduate in Computer Engineering with strong programming expertise and a passion for building scalable applications. Proficient in designing efficient software solutions with good communication and problem-solving. Driven by innovation and collaboration in team-oriented environments.

## EDUCATION

### Smt. Laxmibai Gangane Vidyalaya, Wadali Deshmukh

March - 2018

Maharashtra State Board of Education (SSC)

Percentage - 89%

### Smt. Laxmibai Gangane Jr. College, Akot

Feb - 2020

Maharashtra State Board of Education (HSC)

Percentage - 82.15%

### Government College of Engineering, Yavatmal

June 2020 - June 2024

Computer Engineering (B.Tech) - Dr. Babasaheb Ambedkar Technological University

CGPA - 8.81

## ACADEMIC PROJECTS

### GYM Website

- Gym website is modern application for the gym users made by using front end technologies like HTML, CSS, and JavaScript and Spring Boot.
- Included features like informative articles , blogs and admin dashboard. Showcasing the modern web design excellence .

### Robotic Arm Project Using IOT

- Used the IOT technology to build the robotic arm.
- Assist humans in various surroundings, can perform repetitive tasks having operations like pick and place objects.

### Sign Language Recognition System

- By using the modern technology machine learning build a sign language recognition system based on web platform.
- Used machine learnings techniques like CNN and natural language processing.

## TECHNICAL SKILLS

- HTML
- CSS
- JAVA
- SQL
- Hibernate
- Spring
- Git

## ADDITIONAL INFORMATION

- **Languages:** Marathi, Hindi, English

- **Certifications:**

- 1.Programming with Python (Internshala)
- 2.Social Network (NPTEL)
- 3.Web Technology (NPTEL)
- 4.IOT (Symphonix IT Services)
